

SLIME WORKSHOP

Presented by the talented people at the
Portsmouth Naval Shipyard

GOODALL LIBRARY

Wednesday October 25th, 5:30-7:00

Children ages 5-12

This is a hands-on workshop for children interested in slime. You will learn about the properties of slime through discussion & demonstration. And you will get to make slime. Enjoy learning about & playing with slime. And in the process learn about the chemical properties of different liquids, & the differing states of matter. Join us for this fun & slimy program!
